

## CURRICULUM FOR EXCELLENCE

### *Interdisciplinary Learning: Haka and Tag Rugby*

*Over eight weeks and to tie in with the Rugby World Cup, students prepare to compete in a 'Tag Rugby' tournament and then produce a reflective piece of writing about it.*

*In PE lessons students create pre-match Hakas (war dances and chants), practise organising, refereeing, scoring and timing matches, practise playing in and coaching their own teams and investigate the Rugby World Cup and nations taking part in it.*

*In English lessons students will write a Haka, building on language skills and developing knowledge of alliteration and sound in the construction of words. They also produce a final reflective response to the experience.*
