

CURRICULUM FOR EXCELLENCE

Interdisciplinary Learning: Themed Assembly Working Group and English Remembrance Assembly

In English, pupils discussed a brief for a Themed Assembly with their teachers and divided into groups, each group having a poem on a war theme to study. Each assembly had a theme which reflected the poems. Each group in class was given an assembly year group to prepare for. Pupils had to engage the audience with their speaking and chose pictures to help the audience to understand the content of the poems. This was delivered as a Power Point. Presentation skills were also developed in preparation for the delivery in the theatre. This helped to increase pupils' volume, confidence and clarity.
