

Pupil Council Minutes

S1-S3 Pupil Council

Date Thursday 21 January 2016

Present

S1 Cody Amy Andrew George Calvin and Rebecca

S2 Lewis Ewan Tegan

S3 Kathryn Ashlee Dec

Agenda

1. Moving forward together and consultation

The single item was discussion around the responses from classes to the question around Vision, Values and Aims for our school. The information gathered would be used as part of the school improvement process.

Reps were thanked for their work with their classes. Most had submitted the responses prior to the meeting and these had been collated. Two classes brought responses to the meeting.

The feedback from S1-S6 was shared and discussion followed around recurring themes and which items could form the basis of the pupil response.

The following themes were selected:

What are we about:

Relaxed, safe, friendly

What do you see as a visitor?

Friendly, tree, blue (colour of building) happy children , a happy place, smiles

What do we like about our school?

Good food, activities, teachers know you

What is it like being a pupil here?

You feel like you are in a friendly atmosphere, close community, you know everyone,

What do we want?

Better activities, more consistency from teachers (house points) work experience for senior pupils,

How should young people feel when they come here?

Safe, secure, valued, joyful/happy, welcome

How do you want others to view the school?

Welcoming, safe, relaxed, good learning environment, friendly

Information from both pupil councils would be put together so that the response would reflect all age groups across the school.

The discussion took the entire time available for the meeting and reps were thanked for their contributions to the lively discussion.
